

Do You Have SEND Parenting Experience?

Being a parent of a SEND child can be a rewarding but lonely place to be. Parents may not know where to get information about the condition, how to access further support or simply what to do. They may feel that their child is different and so are they.

By volunteering as a SEND Parent Mentor, you can show a struggling family that they are not alone and help them get the support they need.

Talk to us today to find out more.
